Michael Schlager, PGA

Director of Instruction

Michael served as a Senior Instructor and the Director of Short Game School at the Academy of Golf at PGA National Resort and Spa in Palm Beach Gardens, Florida.

During his tenure, he not only had the opportunity to work with thousands of golfers, he was also exposed to a teaching philosophy unlike any other in the golfing world. Furthermore, he was encouraged to continue the search for more efficient ways to educate and train golfers.

His passion for the game led him to Broomfield, CO, where he experienced results with his students thought to be unattainable. Michael recently returned to the east coast to take the position of Director of Instruction at **Walt Disney World® Golf**, and now leads a team of qualified PGA golf instructors.

Michael's primary goal is to raise his students' level of enjoyment through game improvement. His innovative teaching style is unique in the industry, and the results are immediate and maintainable.

Transportation Options

Mears Transportation Group, in conjunction with Arnold Palmer Golf Management, is pleased to offer the following transportation options for local Resort/Golf Course outings and tournaments.

Option I

Charter vehicles will transfer the group from the Resort to the Course and are available to shuttle throughout the day. Charter vehicles are a necessity for those who run late, those who must depart the course early and when staggered tee times are scheduled, resulting in varying return times. A seven-hour charter is recommended in order to accommodate range balls, the golf game itself and transfer time to/from the resort.

Option II

Round Trip vehicles each to make one pick up at a designated time & one return pick up at a designated time, with a 15 minute stage time. Round trip vehicles do not remain with the group, and usually have other runs in between your group movements. Round-trip vehicles are only recommended when the Tournament Chair and/or Meeting Planner can guarantee an exact hotel departure time and an exact return departure time.

Optional Service Enhancement - Staff

(Recommended for multiple vehicles and/or larger tournaments) Mears Transportation Group Staff arrive prior to the vehicles' arrivals. They will stage the vehicles at the appropriate entrance, greet the passengers, load, and dispatch the vehicles from the resort and from the golf course.
